

CR conf. Call : 19 september 2023 16h30 (Impact of 4-FLIGHT operational tests at PARIS ACC on 8 and 16 November 2023)

Dear Sir/Madam,

In the context of the implementation of the new ATC system 4-FLIGHT in Paris ACC, several live trials are planned during next months. These live trials are essential to optimize the secure implementation of the system in 2024.

During these live trials, Paris ACC capacity is reduced. So it is necessary to reduce the flights in Paris ACC in order to limit flights delays.

Two live trials will be organized in PARIS ACC:

- on Wednesday November 8th from 7:00 am to 12:00am local time (6:00 am UTC to 11:00 am UTC),
- and on Wednesday November 16th from 3:00 pm UTC to 11:30 pm UTC (2:00 pm UTC to 10:30 pm UTC).

As explained during our conference call yesterday, the airlines shall reduce their flights programs :

- on Wednesday November 8th : 10% of their number of movements* between 5h30 am UTC and 11h30 am UTC on Paris-Charles de Gaulle, Paris-Orly and Beauvais airports
- on Wednesday November 16th : 15% of their number of movements* between 01h30 pm UTC and 00h00 pm UTC on Paris-Charles de Gaulle, Paris-Orly and Beauvais airports (every airline operating 7 or more movements on these platforms, between 01h30 pm UTC and 00h00 pm UTC, are therefore involved).

Territorial continuity flights are not affected by these measures.

* 1 movement = 1 landing or 1 take-off

The proposed revised flights programs must be sent, using the form attached to this message (annex n°3), before October 31st 11:00 am local time (10:00 am UTC), at the following address dta-programmes-crisis-bf@aviation-civile.gouv.fr

The program must specify the list of maintained flights as well as cancelled flights. Any questions regarding the details of the computation can be sent to this same address.

A NOTAM will be published by the end of the week.

As a reminder, a live trial is also planned on October the 18th 2023 between 20h30 local time (18h30 UTC) et 22h30 local time (20h30 UTC). As explained during our conference call on August 22nd 2023, it was required a 15% reduction of flights programm between 18h00 UTC et 00h00 UTC on cumulated Paris-CDG, Paris-Orly and Beauvais airports (NOTAM : A4410/23 (LFPG), A4408/23 (LFPO), A4412/23 (LFOB)).

Best regards,

Anne-Laure Gaumerais

DSNA
