

## **ORY S24 Parking stands reduction 16SEP-26OCT**

### **To all Paris-Orly (ORY) airport operators**

Good morning,

#### **Parking stands reduction due to works from September 16 to October 26 inclusive**

Due to works from September 16 to the end of S24 season and in order to face a reduced number of 3 parking stands from 05:00 to 14:59 UTC, operators are kindly invited to cooperate according to the following phases :

1. **Phase 1 Voluntary cancellations of based aircrafts** (From February 14 to 20, inclusive)
  - Cancelled flights from a based aircraft moved out of Orly airport will be under JNUS
  
2. **Phase 2 Voluntary cancellations of rotations from non-based aircrafts** (From February 21 to 28, inclusive)
  - If phase 1 is not sufficient to free up enough parking stands, cancelled rotations (arrival + departure) from non-based aircrafts will be under JNUS
  
3. **Phase 3 Cohor proposes cancellations** (From March 01 to 08, inclusive)
  - If phase 2 is still not sufficient to free up enough parking stands, Cohor will request cancellations to operators, distributed proportionally between based and non-based aircrafts
  
4. **Phase 4 The French Civil Aviation Authorities (DGAC) will require Cohor to impose cancellations** (From March 11, onwards)
  - If phase 3 is not sufficient to meet the limited number of available parking stands, Cohor will impose cancellations based on criteria defined by DGAC

For any question, contact Alain Frébault [a.frebault@cohor.org](mailto:a.frebault@cohor.org)

Cordialement / Best regards

**Alain FREBAULT**
